## IMPORTANT PRE-DEPARTURE INFORMATION

### Clothing

Casual wears and comfortable walking shoes are the rule of Tibet. Be sure to bring warm clothing as nights and early mornings can be quite chilly to cold. Indian Pilgrims are advised strictly not to wear Sari during this Yatra. Bring all the film, medicine, cosmetics, personal toilet items etc. that you will need from home as these are difficult if not impossible to obtain on the way. A small first aid kit is also a good idea. Also quite useful is a route map, to know where you are going and have been each day.

### What to Take

Winter wear: Gore-Tex material, though expensive, is highly recommended. Down jacket, raincoat or windbreakers, thermal under wears, Jackets, warm trousers & woolen shirts (cotton will also do), warm sweaters, woolen gloves, sun hat, comfortable shoes, light leather boots in case of snow, woolen balaclava ('monkey cap') & scarf/dust mask to protect your eyes & nose from dust.

### Bring With You

You may bring the snacks for along the way such as chocolates, dry fruits, toffees, glucose, namkeen etc. Strong water bottle & water purifying tablets. Personal medical kit and Diamox tablet (for high altitude). Sun glasses (to protect your eyes from UV, which is especially strong in high altitudes).

Sun block or sun screen lotion, wet tissues (Fresh-ones are excellent to wipe off the dust), clothes-line/clips, needle & thread, body spray (handy for smelly boots/feet and for a round of spray in the toilet tent!), toilet paper, torch & spare batteries, daypack (small shoulder bag), Camera & films, Binocular.

### Health

This is one of the toughest high altitude road journeys on earth. You Must be physically fit - no two ways about that. Generally patients with asthma & heart problems have a problem

acclimatizing to high altitudes. In your interests it is essential you should be examined by your doctor to know about your health condition and your ability to cope up with the rigors of high altitude travel for days in 'no road' conditions, extreme cold, dust, trekking to an altitude of 18500ft during the Parikrama, etc.

### **Altitude Sickness**

As you are traveling over high terrain, you are likely to experience symptoms and discomfort of altitude sickness (headache, loss of appetite, nausea, exhaustion, sleeplessness, breathlessness etc.) until your body adjusts to the elevation. This can take a couple of days or more depending on an individual. For this reason alone, we have made it mandatory to stay 2 nights at Mansarovar (4550M) moving on to the higher altitudes.

Drink plenty of water, be calm, and do not exercise. Do not drink alcohol or smoke prior to and during the tour. We also recommend you carry a strip of diamox tablets. We provide Gamow bag (a special equipment to prevent sickness from high altitude) on this tour.

### **Currency**

The unit of Chinese currency is Yuan. USD 1 = 6.48 Yuan & 1 Yuan = INR 10.28 approx. (as of December 2015). Money can be exchanged at Bank of China at Zhangmu or from the locals at Zhangmu or Kodari. Exchange all you're remaining Yuan at the end of the trip at Zhangmu before re-entering Nepal.
